

SCHOOL MEALS ALERT

BE PREPARED!!

USDA POLICY FOR PANDEMIC FREE BREAKFAST AND LUNCH WAIVER ENDS JUNE 30, 2022

All students will be required to have a new application on file to receive free or reduced meals in the 2022-2023 school year

Because the application process does not begin until July, the USDA does provide a 30-day grace period from the first day of school for free/reduced meals for any student who **CURRENTLY HAS A 2019-2020 or 2021-2022 APPLICATION ON FILE.**

If you have a 2019-2020 or 2021-2022 application on file with Greenon's Food Service Department, your student will be eligible for free/reduced meals for the first 30 days of next school year, until you are able to complete a new 2022-2023 application.

If you do not have a current application on file and you feel your child is eligible for free/reduced meals, please complete a new application before August 15. (Please note that the applications will not be available until August 1.)

Free and Reduced Meal Application link can be accessed on the Food Service webpage
