

SUMMER READING CHALLENGE

Goal: Read 1,500 minutes this summer!

Each sun represents 15 minutes. Every time you read for 15 minutes, check off one sun. When you check all of the suns, that means you have read for 1,500 minutes! Turn this in to Mrs. Dunn at the end of the summer for a certificate and a prize if you color in all of the suns!

At the end of the summer, add up your time!

Total suns colored in: _____ x 15 = _____ minutes read!

Congratulations!

What was the best book you read? _____
