Director's News: Happy Holidays!

As we wrap up December 2020, we want to wish Happy Holidays to all our students and families. The first half of this school year has been unique for sure but we have truly been blessed to spend the time with your children. We appreciate all your support and flexibility in helping keep our students safe and healthy here at school. We also appreciate all our families who have joined us for our virtual events including the Family Partnership Team, Fatherhood videos, and monthly family activities. We also appreciate everyone who is connecting with us on SeeSaw, using Ready Rosie, following us on Facebook/Twitter, and engaging in our e-learning activities. It is great to still be able to connect with everyone in so many different ways. We send well wishes to everyone and look forward to seeing you in January 2021.

Check out pictures below to see some snapshots of what is happening inside the building this year!
