**Note:** If you have multiple schedule requests to enter at one time, you can use the Renew feature to save you time. Once you have submitted the first request, scroll to the top of the screen and click on **Renew Schedule**. This feature acts as copy button and will copy all the information, except for event dates, from the schedule that you just submitted into a new schedule request form. Because it is a new schedule, you will be able to update any of the necessary fields and add the new event dates.

A screenshot of a "New Schedule" form. At the top left, there is a blue tab labeled "New Schedule". Below it, there is a "Renew Schedule" button with a red arrow pointing to it. To the right of the button, there is a message that says "Schedule has been saved." Below this, there is a section labeled "Booked by" with a checked checkbox. To the right of this section, there are labels for "First Name" and "Last Name" with corresponding input fields.

- 5) You can review any requests that you have entered into the system. Click on the **My Requests** tab then hover your mouse over the **Shortcuts** link and click on **My Schedule Requests**. ## Entering a request

To enter a facility rental request, make sure that you are on the **Schedule Request** tab at the top of the screen. If you are not, simply click on the tab to access the schedule request form. *\*All fields with a red checkbox  are required and must be filled out in order to submit the request.*

On the Schedule Request tab, you will need to choose the type of schedule you are requesting; Normal, Recurring, or Irregular.

- A **Normal** schedule can be for a single date or multiple dates, but each event will be in the same location/room at the same time of day. You can add up to 20 dates on a normal schedule.
- A **Recurring** schedule would be used for an event that takes places on a regular basis (say every Monday and Wednesday from October through December). These events will also be in the same location/room at the same time of day. You can enter up to 100 dates on a recurring schedule.
- An **Irregular** schedule can be used for single or multiple dates. Each event can take place in different rooms and at different times, if needed. You can add up to 20 dates on an irregular schedule.
