Important Safety Information & Guidelines:

At St. Bernard-Elmwood Place Schools the safety and wellbeing of your child is our first priority. The following is a list of important information and transportation guidelines:

- **Students should be at their stop and ready to board the bus 5 minutes prior to the scheduled departure time. The bus is unable to wait for students who are not ready to leave on schedule.**
- **Students are asked to wait for the bus at a safe distance from the curb until it has come to a complete stop before approaching it.**
- **It is unsafe for a student to be running to the bus stop. Once the bus begins forward motion... the driver is unable to stop to let students on the bus.**
- **St. Bernard-Elmwood Place School District is responsible for students once they board the bus, while families are responsible for the safety and supervision of their children to and from the bus stop, as well as while they are waiting on the bus.**
- **Students should not change buses or stops as this may cause overcrowding on other routes.**
- **Students should not make a habit of missing the bus. The buses run on a very tight schedule. Our buses are assigned to multiple routes in the morning and afternoon, some going to two or more different schools. They have a limited amount of time to accomplish the task of pick up and returning children to school or home. Sometimes delays in these routes can be caused by traffic detours, traffic accidents, and most frequently delays at railroad crossings. Delays at railroad crossings can range from 5 – 15 minutes long and have a significant effect on the other stops.**
- **Parents please be advised that routes are written to utilize the space available on the bus. We will try to space these stops an equal and fair distance apart. By state law, we can ask any student to walk up to five-tenths of a mile to or from a bus stop.**

If you have any questions or concerns, please contact Pam Carroll at (513) 482-7121.
