For insurance entities, the term "medical loss ratio" refers to the ratio of incurred claims to earned premium for a prior calendar year. The MLR is calculated for managed care (HMO) and PPO/Indemnity plans, one for state law purposes and the other as determined under federal law. For 2011, Anthem's Medical Loss Ratio for state law purposes was 81.0% for HMO plans and 81.4% for PPO/Indemnity plans. For 2011, Anthem's MLR for federal law purposes was 86.3% for small group plans and 88.3% for large group plans. I understand that intentionally false and/or intentionally incomplete responses or statements may in result rescission of coverage and/or non-payment of claims for myself or my eligible dependents. I understand a copy of this application is provided to me as part of my Subscriber Agreement or health benefit plan document as applicable and is incorporated by reference therein. I certify that my statements in this form are true and complete to the best of my knowledge and belief.
