## ALPHA SHUTTLE

Transportation provides a shuttle service between neighborhood elementary schools and Aboite Elementary for the ALPHA program. ALPHA students ride their regular neighborhood bus to their home school and then transfer to the designated ALPHA shuttle bus. There is one ALPHA shuttle bus designated for each elementary school.

**AM:**

When the elementary buses arrive at their elementary schools in the AM, the designated ALPHA shuttle bus loads the ALPHA students from the other neighborhood buses. The designated ALPHA bus must make sure they have all ALPHA students aboard. The ALPHA shuttle bus may need to communicate with other buses if they are late to the elementary schools.

**PM:**

In the PM, the shuttle bus returns the students to their home school for transportation home.

Because of this transfer process, ALPHA students may arrive 15 minutes late in the AM and leave Aboite school 15 minutes early in the PM.
